C Tech Online & Video Training Registration Form

By registering for one or more of the video classes below, you acknowledge and agree to the following terms & conditions:

- Registrants acknowledge that all materials are Copyrighted by C Tech Development Corporation® 2018
- You agree not to record or copy any class videos.
- Each recorded class video rental is for one individual for two weeks from the date of the invoice or payment whichever is later.
- When registering for multiple classes at one time, you receive two weeks per class for all classes.
- Multiple persons may not view videos without each being separately paid and registered.
- No refunds will be made if the registrant does not complete the video (class).
- Once URLs and Passwords are issued, registration may not be transferred nor used by any other individual.
- All classes include additional materials, data and/or applications which are provided by download.
- Class registrants may submit questions related to the classes to support@ctech.com
- Registration can only be secured by payment. We will issue an invoice once you submit this form.
- All classes must be paid for in advance. Enterprise License (aka Premier Program) may use training credits as payment if credits are available and the student has approval from their organization.
- Class outlines are at <http://www.ctech.com/training/online-classes/>
